The CHALLENGER 503 Advantage

For light sport enthusiasts who want a solo flying experience, look no further than our Challenger 503. With its solid main rail construction, integral fontal bars, and broad adjustable attachment points, you'll agree that the Challenger is the best flying solo seat PPC in the industry.

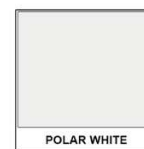

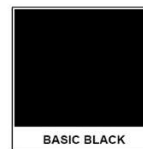

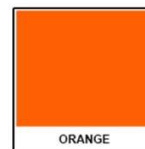

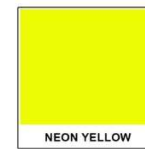

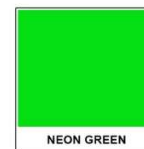

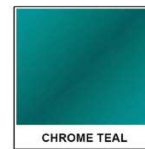

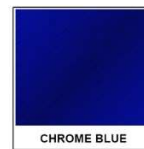

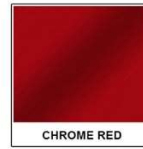

The Challenger 503 comes equipped with the same standard features as the Commander series, except you will find a few extras that make this PPC even more enjoyable to fly.

3 Year Chassis Warranty

To order your Infinity Power Parachute, give us a call at (269) 659-9113 and get ready to take command of the sky.
